

Priya Nataraj

Django Backend Engineer

priya.nataraj@example.com | (555) 013-0033 | Chicago, IL

PROFESSIONAL SUMMARY

Backend developer with 4 years of experience building Python/Django services on PostgreSQL, with strong SQL and data-handling skills that make her a good fit for data engineering work. Runs reliable background pipelines with Celery and Redis, and is currently expanding her platform skills to Go and container orchestration.

CORE SKILLS

Python • Django • PostgreSQL • SQL
Redis • Docker • Celery • System Design
