

Elena Petrova

Cloud Platform Engineer

elena.petrova@example.com | (555) 015-0055 | Seattle, WA

PROFESSIONAL SUMMARY

Backend engineer turned cloud platform engineer with 5 years of experience writing Go services and managing Kubernetes infrastructure with Terraform on AWS. Strong on deployment, reliability, and observability, but moving back toward service engineering means rebuilding gRPC and system design depth.

CORE SKILLS

Go • Kubernetes • Terraform • PostgreSQL

AWS • Docker • Observability • CI/CD

PROFESSIONAL EXPERIENCE

Backend Engineer • Trailhead Logistics

2021-05 — 2023-09

Cloud Platform Engineer • Atlas Infrastructure

2023-10 — 2025-06

Cloud Platform Engineer • Cobalt Systems

2025-07 — Present

EDUCATION

B.S. in Computer Science, University of Washington

CERTIFICATIONS

AWS Certified Solutions Architect – Associate
